University of Calcutta.

Senate House, the 30th June 1940.

NOTICE.

The following subject has been selected for the Beereshur Mitter Medal for the year 1941:—

"Provincial Finance".

Rules for the submission of a thesis on the subject will be found on pages 172-173 of the University Calendar for the year 1940.

B. B. DUTT,
Controller of Examinations.

Calcutta University.

Senate House, the 21st June 1940.

NOTIFICATION No. MISC. R. 18.

It is hereby notified for general information that the following changes in the Regulations of this University relating to the syllabus in Physics for the M.A. and M.Sc. Examinations have been sanctioned:—

Revised Syllabus in Pure Physics for the MA. and M.Sc. Examinations.

Pure Physics.

Candidates in Physics will be expected to possess a sound knowledge of the general principles of the subject including the more fundamental advances made of recent years and a detailed knowledge of a special selected topic as indicated below:—

Five theoretical papers shall be set of which the first three shall cover a general course of Mathematical and Experimental Physics distributed as follows:—

Paper I—Heat and General Physics.

Paper II—Light and Acoustics.

Paper III—Electricity and Magnetism, Electron Theory of Matter.

Paper IV—Modern Physics (Principle of Relativity), Wave Mechanics and Elements of Nuclear Physics.

The detailed syllabus of the subjects mentioned in the first four papers stated above will be framed by the Board of Higher Studies in Physics, which may be modified by the same Board when occasion will arise.

Paper V.

The fifth paper shall be set on a special topic of which the candidate is expected to possess a detailed knowledge.

Appended is a list of such topics which may be added to or modified from time to time by the Board of Higher Studies in Physics—

(*a*) Electrical Communication and Radio.

(*b*) X-Rays and Structure of Matter.

(*c*) Advanced Optics (including Spectroscopy).

(*d*) Advanced Acoustics.

(*e*) Astrophysics and Generalized Relativity.

(*f*) Nuclear Physics.

(*g*) Geophysics.

The practical examination shall consist of three parts. The first part shall be so conducted as to test the candidate's general proficiency in Physical Experiments and Measurement. The second and third parts shall test his proficiency in advanced Physical Experiments and his practical knowledge of the special subjects offered by him for the fifth theoretical paper.

The laboratory note-books of the candidates shall carry 20 per cent. of the full marks in practical papers. They shall be inspected at frequent intervals and marked periodically by the teachers under whom the candidates worked at the different laboratories. These marks will be considered by examiners at the time of finally adjusting the marks in each practical test. If the laboratory note-books are found to be unsatisfactory, the candidates will be disqualified for the examination. In connection with the practical examination there shall be also a special *viva voce* examination of the candidate on the subject of the experiment, which will carry 20 per cent. of the full marks allotted to that question.

Candidates who have taken their B.Sc. Degree with Honours in Physics or Mathematics may be permitted to offer a piece of research work in lieu of the fifth theoretical paper. Before such permission is granted the candidate will be required to produce a duly certified laboratory record and satisfy the Board of Higher Studies in Physics by appearing at a practical test or otherwise, that he has during the first year's course of study diligently carried out a course of practical work. The production of thesis will then exempt him from any further practical examination. The maximum marks allotted to the research work shall be 300, and 100 marks shall be allotted to the special *viva voce* examination of the candidate on the subject of his thesis.

The above changes will be given effect to from the session 1940-41.

A

BILL

to declare certain expenditure to be expenditure charged upon the revenues of the Province.

WHEREAS it is expedient to declare the contributions payable under certain enactments, and the grants to be made to certain local authorities by the Provincial Government to be expenditure charged upon the revenues of the Province :

It is hereby enacted as follows :—

Short title and commencement.

1. (*1*) This Act may be called the Bengal Revenues (Charged Expenditure) Act, 1940.

(*2*) It shall come into force on the first day of April, 1941.

Certain contributions to be charged.

2. The contribution payable by the Provincial Government under each enactment specified in the first column of the First Schedule to this Act, or so much of such contribution as is specified in the corresponding entry in the third column of the said Schedule, is hereby declared to be expenditure charged upon the revenues of the Province.

Certain grants to be made and charged.

3. (*1*) In respect of each enactment specified in the Second Schedule to this Act, the Provincial Government shall, in such manner, and by such date as it may determine, make in each year from provincial revenues, a grant approximately equal, in the opinion of the Provincial Government, to the net sum which, by virtue of the provisions of section 136 of the Government of India Act, 1935, and of the Government of India (Adaptation of Indian Laws) Order, 1937, would have been payable in that year to provincial revenues under that enactment and which, but for the said provisions, would have been payable in that year to a local authority. 26, Geo. 5, Ch. 2.

(*2*) All grants payable under the provisions of sub-section (*1*) are hereby declared to be expenditure charged upon the revenues of the province.

(*3*) The Provincial Government may, by notification in the *Official Gazette*, include in, or exclude from, the Second Schedule any appropriate enactment.

(*4*) The reference in sub-section (*1*) to the Second Schedule shall be construed as a reference to such Schedule as for the time being amended under sub-section (*3*).

STATEMENT OF OBJECTS AND REASONS.

1. The contributions payable by the Provincial Government under the enactments specified in the First Schedule to this Bill were non-voted under the late Constitution under the terms of sub-section (*iii*) of section 72D of the Government of India Act, 1919, which exempted from vote all items of expenditure of which the amount was prescribed by or under any law. On the introduction of the present Constitution it was laid down in paragraph 4 of the India and Burma (Transitory Provisions) Order, 1937, that the expenditure should continue to be non-voted (or as it is now called "charged") up to the 31st March, 1939. On the expiry of this date the expenditure became voted. It is incongruous that payments prescribed by Statutes passed by the Legislature should be subject to annual vote and it is proposed to declare these items of expenditure as charged upon the revenues of the Province by legislative enactment under section 78(*3*)(*g*) of the Government of India Act, 1935.

2. Before the 1st April, 1937, fines, taxes, etc., levied under the enactments specified in the Second Schedule to this Bill were credited directly to the funds of the local bodies concerned. As a result of the modifications made in these enactments by the Government of India (Adaptation of Indian Laws) Order, 1937, these fines, taxes, etc., now form part of the revenues of the Province and are credited to Government. It is not intended, however, that local bodies should lose these proceeds which are a part of their normal resources. It has accordingly been decided to make compensatory grants to local bodies in lieu of the amounts of which they are being deprived. In this view it is considered unnecessary to submit these payments to the annual vote and it is proposed to make them charged upon the revenues of the Province by legislative enactment under section 78(*3*)(*g*) of the Government of India Act, 1935.

RESOLUTION—No. 1635F.

Calcutta, the 8th July 1940.

The Government of Bengal have had under consideration for some time past the question whether it is necessary to give some form of relief to low-paid Government servants to assist them in meeting the difficulties which may result from a substantial rise in the cost of living caused by the war.

In the opinion of Government such rise in the cost of living as has occurred so far has not called for the grant of relief, but Government consider it desirable that a scheme should be in readiness.

2. The pays of the classes of Government servants to whom relief may become necessary were last revised in 1921 and the revision then made absorbed the grain compensation allowances given after the Great War of 1914-18. These pays have not been reduced since the time of the high prices that prevailed in the early "twenties" and it might be argued that there is no ground for considering the grant of relief until prices have risen materially above the levels prevailing when the pay scales were fixed.

On the other hand it seems probable that during the long period of low prices, standards of living have been adjusted to the lower levels of prices and to postpone the grant of relief until prices rise above the high levels of 1920 would entail hardship.

Government consider that the fairest course will be to grant assistance when the price of the cheapest common rice rises substantially above the average price during the 12 months immediately preceding the outbreak of war. There is a close relation between variations in the price of rice in Calcutta and in the districts and for the sake of simplicity it has been decided to adopt the price of the cheapest common rice in Calcutta as published fortnightly in the *Calcutta Gazette* as the determining factor in the scheme for the grant of the grain compensation (or dearness) allowance. The average price of such rice in Calcutta during the 12 months immediately preceding the outbreak of war was 10 seers 13 chataks a rupee. Government have decided that a rise in price to 8 seers per rupee (which is about 25 per cent. above the average of the 12 months ending August 1939) shall bring the scheme into operation.

3. The following rules will govern the grant of the grain compensation allowance admissible under this resolution:—

I. A grain compensatory allowance at the rate of Re. 1 per mensem will become payable to all Government servants in receipt of emoluments of Rs. 30 or less a month on the issue of a special order of Government.

II. Such order will be issued when the price of the cheapest common rice in Calcutta rises to 8 standard seers per rupee and remains at or above that level for three months.

III. When the allowance admissible under this Resolution has once become payable, the position will be reviewed monthly and the allowance will continue so long only as the average price during the preceding three months is 8 seers a rupee or dearer.

IV. The words "Government Servants" in rule I include—

(*a*) all persons who are in the whole-time employ of Government whether in a permanent or a temporary capacity or paid at piece-work rates;

(*b*) menials paid from contingencies; and

(*c*) members of work-charged establishments.

V. The term "emoulments" in rule I includes the amount drawn monthly by a Government servant as pay, special pay, personal pay, overtime allowances and pension. House-rent allowance or the value of free quarters in lieu thereof shall not be taken into account for the purpose of calculating emoluments.

VI. Government servants on leave (other than extraordinary leave) will draw the allowance at the same rate as would have been admissible to them had they not been on leave, whether the leave is on average pay or half or quarter average pay.

RESOLUTIONS.

Simla, the 10th June 1940.

No. 260-T.—The Government of India have already announced that they are prepared to consider the question of assuring specified industries, the starting of which is considered essential under conditions created by the war, of such measure of protection against unfair competition from outside India after the war as may be necessary to enable them to continue their existence. A request for such an assurance has been received from a firm anxious to reopen a factory for the manufacture of steel pipes and tubes up to a nominal bore of four inches. In view of the fact that such pipes and tubes are largely used in connection with water supplies, the maintenance of which is of great importance to Government Departments, including the Defence Department, the Government of India have decided to give the desired assurance to all who wish to undertake their manufacture. It is understood that the pipes and tubes in question are likely to be made from imported steel in present condition and the assurance given will hold good even though imported steel may continue to be used for the purpose until such time as supplies of indigenous steel become available.

TARIFFS.

The 22nd June 1940.

No. 458-T.(1)/40.—In their Commerce Department Resolution No. 458-T.(14), dated the 22nd June 1935, the Government of India decided to afford the glass manufacturing industry in India a certain measure of relief by exempting imported soda ash from duty. This concession was sanctioned for a period of three years in the first instance and was exetended up to the 22nd June 1940 under the Commerce Department Resolution No. 458-T.(1), dated the 16th April 1938.

2. The production of soda ash on a commercial scale has not yet developed in India but two industrial concerns have made considerable progress with their schemes for the production of indigenous soda ash on a large scale. In the meantime the arrangements announced in paragraph 5 of the Resolution, dated the 22nd June 1935, are being continued for a further period of two years or (if this is earlier) until the Government of India are satisfied that soda ash in commercial quantities is being produced in India. The situation will then be further reviewed.

ORDERED that a copy of this Resolution be communicated to all Provincial Governments, all Chief Commissioners, the several Departments of the Government of India (including Financial Adviser, Military Finance and Financial Adviser, Communications), the Political Department, the Private and Military Secretaries to His Excellency the Viceroy, all heads of Departments and officers subordinate to the Department of Commerce, the Central Board of Revenue, the Auditor General, the Chief Auditor, Indian Stores Department, the High Commissioner for India, His Majesty's Trade Commissioner in India, the Canadian Trade Commissioner in India, all the Chambers of Commerce and Associations, the French Trade Commissioner in India, Burma and Ceylon and the Government of Burma.

ORDERED also, that the Resolution be published in the Gazette of India for general information.

(*See* Rule 4.)

Specifications for the construction of gas cylinders and their valves and other fittings and tests for such cylinders.

1. Cylinders for gases which at the usual working temperature and pressure remain in a gaseous state in the cylinder shall conform in every respect with the tests and requirements laid down in British Standard Specification No. 399/1930 or No. 400/1931. Each cylinder when ready to be put into service shall be subjected to a hydraulic stretch test, preferably by the "water-jacket"* method, and the proof pressure applied

*The "water-jecket" method is that in which the cylinder is enclosed in a vessel filled with water and which is fitted with a gauge glass projecting from its upper cover. The changes in volume of the cylinder on applying and after removal of the internal hydraulic pressure are measured by the changes in level of the water in the gauge glass.

in this test shall be 3,000 lbs. per square inch. No pressure greater than the working pressure shall have been applied to any cylinder before the test. The permanent stretch shown by the test shall not exceed 10 per cent. of the total stretch under the test pressure.

2. Cylinders for gases which are generally reduced to the liquid condition by the pressures used in charging them into the cylinders shall conform in every respect with the tests and requirements laid down in British Standard Specification No. 401/1931. Each cylinder when ready to be put into service shall be subjected to a hydraulic stretch test preferably by the "water-jacket"* method and the proof pressure applied in this test shall be the value of P calculated from the formula $P = 2\ ft/D$. t where D is the outside diameter of the cylinder in inches, t is the thickness of the wall in inches and f has the value of 33,600 pounds per square inch. 3. Cylinders manufactured prior to 1st September 1941 may be made of wrought iron or lap welded or seamless steel containing not more than 0·25 per cent. of carbon and not less than 99 per cent. of total iron, the ultimate stress of the steel being not less than 26 tons per square inch and not more than 33 tons per square inch and the ultimate elongation not less than 1·2 inches on a test piece of 8-inch gauge length cut from a finished cylinder.

4. Valve fittings for cylinders shall comply in all respects with the specification for valve fittings for gas cylinders set out in the British Standard Specification No. 341 of 1931 and from the 11th May 1942 the valve fittings for cylinders for Carbon Dioxide shall be provided in the body of the fitting with a safety release consisting of a softened copper disc so arranged as to burst at a pressure between 2,600 and 2,850 pounds per square inch.

*The "water-jacket" method is that in which the cylinder is enclosed in a vessel filled with water and which is fitted with a gauge glass projecting from its upper cover. The changes in volume of the cylinder on applying and after removal of the internal hydraulic pressure are measured by the changes in level of the water in the gauge glass.

Specification for Identification Colours for Gas Cylinders.

GROUND COLOUR.

1. Gas cylinders shall be entirely covered with a coat of paint of the colour specified in Tables I and II.

DISTINGUISHING COLOUR BAND.

2. A distinguishing colour band shall be applied to the gas cylinders in accordance with Tables I and II and Fig. I. Unless otherwise specified this distinguishing colour band shall be painted round the neck of each cylinder adjacent to the valve fitting and shall be wide enough to occupy half the portion of the cylinder between the junction of the hemispherical and cylindrical portions and the neck.

When the valve of a cylinder is wholly protected by an extension of the cylinder body the identification colour band adjacent to the valve shall be painted on the extension both internally and externally, and when two identifying bands are required, in such cases the second band shall be painted immediately below the first band on the external surface of the cylinder. (*See* Fig. I.)

For cylinders for medical purposes, the name or chemical symbol of the gas shall be stamped, stencilled or painted on or near the shoulder of the cylinder. In the case of coir covered cylinders the name or chemical symbol of the gas shall also be stamped on a metal tag attached to the covering.

Any other distinguishing bands or marks, painted on the cylinder by the gas manufacturer or filler for his own purposes, shall be placed on the body of the cylinder. The neck of the cylinder may have a painted aluminium panel to show up the marking.

For gases other than those provided for in Tables I and II, the cylinders shall be specially labelled indicating the nature of the contents.

CHAPTER 18.

An Act to provide, during twelve months, for the discipline and regulation of the Army and the Air Force.

[25th April 1940.]

WHEREAS the raising or keeping of a standing army within the United Kingdom in time of peace, unless it be with the consent of Parliament, is against law:

And whereas it is adjudged necessary by His Majesty and this present Parliament that a body of land forces should be continued for the safety of the United Kingdom and the defence of the possessions of His Majesty's Crown, and that the whole number of such forces should consist of such number as His Majesty may deem necessary:

And whereas under the Air Force (Constitution) Act, 1917, His Majesty is entitled to raise and maintain the air force, and it is judged necessary that the whole number of such force should consist of such number as His Majesty may deem necessary: 7 & 8 Geo. 5, c. 51.

And whereas it is also judged necessary for the safety of the United Kingdom and the defence of the possessions of this realm that a body of Royal Marine forces should be employed in His Majesty's fleet and naval service under the direction of the Lord High Admiral of the United Kingdom, or the Commissioners for executing the office of Lord High Admiral aforesaid,

And whereas the said marine forces may frequently be quarted or be on shore, or be sent to do duty or be on board transport ships or vessels, merchant ships or vessels, or other ships or vessels, or they may be under other circumstances in which they will not be subject to the laws relating to the government of His Majesty's forces by sea:

And whereas no man can be forejudged of life or limb, or subjected in time of peace to any kind of punishment within this realm, by martial law, or in any other manner than by the judgment of his peers and according to the known and established laws of this realm; yet, nevertheless, it being requisite, for the retaining all the before-mentioned forces, and other persons subject to military law or to the Air Force Act, in their duty, that an exact discipline be observed and that persons belonging to the said forces who mutiny, or stir up sedition, or desert His Majesty's service, or are guilty of crimes and offences to the prejudice of good order and military or air force discipline, be brought to a more exemplary and speedy punishment than the usual forms of the law will allow:

And whereas the Army Act and the Air Force Act will expire in the year one thousand nine hundred and forty on the following days:—

(*a*) In Great Britain and Northern Ireland, the Channel Islands, and the Isle of Man, on the thirtieth day of April; and

(*b*) Elsewhere, whether within or without His Majesty's dominions, on the thirty-first day of July:

The Bengal Agricultural Debtors (Second Amendment) Bill, 1940.

(*Clause 5.*)

Insertion of new section 37A.

5. After section 37 of the said Act the following section shall be inserted, namely :—

"37A. (*1*) When any immovable property in the possession of any person has been sold after the ninth day of April, 1936 in execution of a decree of a Civil Court or a certificate under the Bengal Public Demands Recovery Act, 1913 relating to a debt, such person or his heir, executor or administrator may apply for relief under this section, if the following conditions are fulfilled, namely :—

Applications for restoration to possession of immovable property sold in execution of decrees or certificates for debt.

Ben. Act III of 1913.

(*a*) if, on the date of the sale, such person was a debtor,

(*b*) if the sale was held, either before an appointment was made under sub-section (*2*) of section 3 in relation to the Board established for the local area in which the property is situated, or notwithstanding the issue by such Board of a notice under section 34, and

(*c*) if the property sold was in the possession of the decree-holder on the twentieth day of December, 1939, or was alienated by the decree-holder before that date in any manner otherwise than by a registered instrument and by a *bona fide* transfer for valuable consideration or by a *bona fide* gift.

(*2*) The application referred to in sub-section (*1*) shall be made to the Board established for the local area in which the property is situated and within one year from the date of the commencement of the Bengal Agricultural Debtors (Second Amendment) Act, 1940 ; and the Board shall first determine whether the application fulfils the conditions specified in that sub-section and whether it can be entertained.

(*3*) No Board shall entertain an application made under sub-section (*2*) if such application relates to a debt in respect of which an application has been previously made to, and entertained by, a Civil Court under the provisions of the Bengal Money-lenders Act, 1940 ; and no Civil Court shall entertain an application made under the provisions of that Act if it relates to a debt in respect of which an application has been previously made to, and entertained by, a Board under the provisions of this section.

(*4*) If the Board decides that an application made under sub-section (*2*) fulfils the conditions specified in sub-section (*1*) and can be entertained by it, and if, within such period as the Board may allow, the applicant and the decree-holder do not effect an amicable settlement of the debt, the Board shall, in such manner as may be prescribed, estimate the average annual gross receipts deemed to have been derivable from the property sold during the period beginning on the first day of January, 1934 and ending on the thirty-first day of December, 1938.

(*5*) After making the estimate referred to in sub-section (*4*), the Board shall make an award, directing the applicant to pay annually and in cash to the decree-holder, one-half of the value of such average annual gross receipts, until the debt is extinguished or until twenty years have expired from the date of the award, whichever is earlier.

(*6*) For the purposes of an award made under sub-section (*5*) the debt shall be deemed to be the amount covered by the decree or certificate in execution of which the property was sold, and after such an award has been made, the applicant shall be deemed to be a debtor.

The Bengal Agricultural Debtors (Second Amendment) Bill, 1940.

(Clauses 6, 7.)

(7) The debtor may present a copy of the award made under sub-section (*5*) to the Civil Court or Certificate-Officer at whose order the property was sold, and such Court or Certificate-Officer shall thereupon direct that the sale be set aside, that the debtor be restored to possession of the property with effect from the first day of *Baisakh* next following, and that any person who is in possession of the property shall be ejected therefrom with effect from that date.

(*8*) A debtor who has been restored to possession of any property under sub-section (*7*) shall not, so long as there remains unpaid any sum payable under an award made under sub-section (*5*) or until the expiration of twenty years from the date of such award, whichever is earlier, alienate by sale, lease, gift or other form of transfer, or create any charge upon, such property or any portion thereof.

(*9*) The provisions of sections 28 and 29 shall, so far as may be, be applicable to the failure by the debtor to pay by the date fixed any sum payable under an award made under sub-section (*5*).

(*10*) When the debt is extinguished, or when twenty years have expired from the date of the award made under sub-section (*5*), or when such award ceases to subsist under sub-section (*5*) of section 29, whichever is earlier, the decree or certificate in execution of which the property was sold shall be deemed to have been fully satisfied.

(*11*) In this section the expression 'decree-holder' includes any person to whom any interest in the decree is transferred by assignment in writing or by operation of law."

Amendment of section 40.

6. In the proviso to sub-section (*1*) of section 40 of the said Act, after the figures "29" the words, figures and letter "or any order or award made by a Board under section 37A" shall be inserted.

Amendment of section 55.

7. After clause (*y*) of sub-section (*2*) of section 55 of the said Act the following clause shall be inserted, namely :—

"(*ya*) the forms of application under sub-section (*2*) of section 37A, and the manner of making the estimate referred to in sub-section (*4*) of that section ;".

STATEMENT OF OBJECTS AND REASONS.

Apprehensions aroused among landlords and creditors by discussions of the terms of the Bengal Agricultural Debtors Act, 1935, at the time of its passage through the Legislature, prompted many of them to take hurried action towards obtaining decrees in pending suits and towards executing them before such action could be stayed. Consequently a large number of debtors lost their holdings through sales in execution of decrees before they were able to have recourse to any Debt Settlement Board for relief ; and in a number of cases Civil Courts held and confirmed sales in execution of decrees in spite of the issue of a notice under section 34 of the Act.

The main object of this Bill is to provide a machinery for restoration of such holdings to as many as possible of their former possessors, subject to the payment of proper compensation to the decree-holder.

A subsidiary object is to place the Calcutta High Court outside the general scope of the Act, and to make special provisions for the procedure to be adopted as regards, and the effect of, appellate and revisional applications to, and proceedings in, the High Court when such applications and proceedings relate to debts which are the subject of applications made to Boards.

M. B. MULLICK,
Member-in-charge.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 3013L.A.—9th July 1940.—The following report of the Select Committee on the Bengal Agricultural Produce Markets Bill, 1939, with the Bill embodying amendments recommended by the Committee, is hereby published under their recommendation for general information.

Report of the Select Committee on the Bengal Agricultural Produce Markets Bill, 1939.

We, the members of the Select Committee to which the Bengal Agricultural Produce Markets Bill, 1939, was referred by a motion carried in the Bengal Legislative Assembly on the 19th December, 1939, have the honour to submit this our report with the Bill embodying amendments recommended by us annexed. Matter recommended by us to be omitted has been printed in *italics* and enclosed in square brackets and new matter recommended to be inserted has been underlined.

2. The Committee met for the first time on the 30th January, 1940, and from time to time thereafter till the 27th June, 1940, on which date they concluded their deliberations on the Bill.

3. The Bill was published before introduction in the *Calcutta Gazette* of the 6th July, 1939. The Bill has, in our opinion, been so altered by our recommendations as to require republication.

4. The reasons for the changes recommended by us, excepting those of a mere drafting or consequential nature, are briefly as follows:—

Clause 1.

Sub-clause (*2*).—Exclusion of Calcutta from the operation of this Act is, in our opinion, likely to affect the proper administration of the Act even in the mufassil. We have, therefore, recommended the application of the Act to the whole of Bengal without such exclusion.

Clause 2.

Sub-clause (*1*)(*ii*).—The definition of "agriculturist" has been expanded to make the intention clear. Our main object is to include the tillers of the soil.

(*iv*) We have expanded the definition of the "local authority" to cover all similar authorities functioning in the province.

(*viiia*) We have considered it desirable to insert this definition in view of the alterations made in the body of the Bill.

(*viiib*) "Rules" have been defined to avoid any possible misinterpretation.

(*ix*) The slight alterations here have been introduced for the purposes of including owners and keepers of warehouses and excluding persons other than *bonâ fide* agriculturists dealing with their own produce.

Clause 3.

We have amended this clause so as to place both the existing markets and markets that may come into existence after the enforcement of this Bill on the same footing in relation to registration and renewal thereof. In both the cases we thought that renewal of registration every three years would be more suitable for the purpose of this Act. While leaving the actual fee for original registration to be fixed by the administrative Government, we considered it desirable to fix the maximum limit of such fees at Rs. 5. A renewal fee of Re. 1 was considered by us adequate.

Clause 4.

Sub-clause (*b*).—The amendment here is of a drafting nature.

Clause 4A.

In this new clause we have thought it expedient to give the Government power to classify the various kinds of agricultural produce into different grades to facilitate their proper marketing and for providing some reasonable standard for checking the adequacy of prices.

Clause 5.

Sub-clause (1).—We have made an additional provision fixing the liability of supplying information on traders along with the owners of markets as in most cases they are likely to be in a better position to supply materials which may be necessary for control of the market.

Sub-clause (2).—By this new sub-clause we have made obligatory on the owners and traders to produce their books of accounts when required by authorised persons as a guard against possible suppression of fact.

Clause 6.

Sub-clause (2).—The object of expansion of the clause was to make the purpose of the clause unambiguous.

Clause 7.

Sub-clause (1).—We have thought it expedient to exempt the market committee from the restriction imposed by this sub-clause.

Sub-clause (2).—The original sub-clause was considered insufficient. The redrafted sub-clause (2) is intended to provide more elaborate details of procedure to be adopted in relation to the issue of licences to eligible persons and owners.

Sub-clause (4).—We have provided in this sub-clause that reasons for suspension or cancellation of the licence must be recorded in writing. This is intended to supply materials for consideration when an appeal is preferred under sub-clause (5).

Sub-clause (5).—This new sub-clause giving a right of appeal to any person aggrieved by an order of suspension or cancellation of licence under sub-clause (4) was considered desirable as a remedy against possible grievance against the decision by any officer appointed by Government.

Sub-clause (6).—Here we have supplied an omission by a provision for renewal of licences issued under sub-clause (2).

Clause 8.

We have omitted this clause as we did not think any provision for compensation necessary or desirable.

Clause 9.

Sub-clause (1).—We have here provided for inspection and supervision of the work of marketing committees in such a way as may be prescribed by rules as we thought some sort of safeguard necessary at any rate, at the initial stages of the working of these committees.

Sub-clause (2).—The original sub-clause (2) has been omitted and the subject matter put in the redrafted sub-clause in a more detailed form making clear provisions separately for urban and municipal areas. In suggesting representations of various persons in the market committee, we had in view the interest of everybody concerned in the welfare of the market including the agriculturists in particular. We believe that our suggestion, if accepted, will put the committees on a sound footing.

Sub-clause (*3*).—We have amended this sub-clause to make it clear that in case of default in election from any particular group the necessary appointment shall be restricted to persons belonging to the particular group for which the default has occurred.

Sub-clause (*4*).—The proviso here has been inserted to supply an omission. In case of default in the election of the Chairman or Vice-Chairman the best way to fill up the offices would be by appointment by the Provincial Government and we have inserted the proviso accordingly.

Clause 10.

Sub-clause (*1*).—Has been redrafted. We have provided for tender of resignation in writing and acceptance of such resignation by the Committee to create a vacancy in the seat of a member or the office of the Chairman or Vice-Chairman. This, we thought would lead to uniformity of practice and avoid misrepresentation.

Sub-clause (*2*).—In this we have made an additional provision that absence from six consecutive meetings without leave would make a member liable to be removed from the Committee as such absence would usually betray lack of interest in the absentee. We have however provided that in any case of proposed removal, the member should be given an opportunity of being heard.

Sub-clause (*3A*).—This new clause has been introduced to provide for the election or the appointment of the Chairman or Vice-Chairman when the office is vacant by resignation, removal or death. The same procedure as in the case of original election or appointment has been recommended.

Clause 12.

We have increased the number of members necessary for a Sub-Committee to be appointed under this clause from one to three. We did not think any delegation of powers to Sub-Committees desirable. On the other hand, it has been considered desirable to provide for the approval of the proceedings of such Sub-Committees, by the Market Committee itself, for the purpose of giving effect to any of its recommendations.

Clause 13.

The clause has been recast with certain additional and necessary provisions regarding issue, suspension and cancellation of licences for the purposes of establishment and regulation of markets. While we have given the Committee power to suspend or cancel licences for breach of its conditions, we have made it incumbent upon them to hear the party concerned in a proceeding for suspension or cancellation of his licence and to record the reasons for the orders in such cases. We have further provided for appeals against such orders to allow the aggrieved party another reasonable opportunity of being heard.

Sub-clause (*4*).—This is new. We have considered it necessary to provide for renewal of licences issued by Market Committees, annually.

Clause 14.

The original clause 14 has been thoroughly revised and expanded in the substituted clause.

In sub-clause (*1*) we have clearly defined the powers of the Committee in the matter of levy of fees. This power has been made subject to the control of the administrative Government by rules. The local Government have also been authorised to impose limitations and permit exemptions if and when necessary in the interest of petty sellers or for any other sufficient reason

In sub-clause (*2*) we have provided for giving the owner of every market 5 per cent. of the total fees realised after deduction of costs and realisations from persons from whom the landlords are entitled to realise rents.

In sub-clause (*3*) we have made it clear that the owner of the market would not be entitled to realise anything in respect of agricultural produce except rents for use and occupation of structures in which and lands on which agricultural produce may be stored or brought for sale and in the latter case only when there is a registered agreement.

In sub-clause (*4*) we have explained the meaning of "owner" and "net total of the fees realised" as used in the sub-clause (*2*).

Clause 16.

We have made a slight alteration in sub-clause (*1*) giving the Committee wider powers to appoint officers and servants for carrying out all or any of the purposes of the Act. We thought that without such powers it would be difficult for the Committees to function properly.

Sub-clause (*2*) has been omitted and clear provisions have been made in the substituted sub-clauses (*2*) and (*3*) regarding the circumstances under which and conditions on which services of Government Officers may be lent or transferred to the Committee.

Clause 17.

The proviso to sub-clause (*1*) has been introduced as a desirable safeguard.

Clause 19.

Sub-clause (*2*).—This sub-clause has been amended to make it clear that the appointment of any special or additional staff for the services of the Committee must if, necessary, be requisitioned by the Committee itself and not imposed upon it by any external agency and that the necessary expenses should be met from the market fund.

Clause 20.

The amendments in this clause have been made with a view to give the Committee all reasonable powers for the proper administration of the markets in their charge. The amendment in (*xiii*) is consequential.

Clause 21.

The alteration here is of a drafting nature.

Clause 23.

Sub-clause (*1*).—The latter portion of the sub-clause has been redrafted with an additional provision that no Committee shall be superseded for a period exceeding one year. The amendments in sub-clause (*2*) are intended to make the procedure, relating to management of the Committee during the period of supersession, clear and definite.

Sub-clauses (*4*) *and* (*5*) have been omitted as we did not consider any transferance of powers or assets to any local authority necessary or desirable and further as the modified provision made in this clause are likely to serve the purpose for which such transfer was originally contemplated.

Clause 24.

The amendments in this clause are merely consequential on the alterations made in the substantive clauses of the Bill.

In sub-clause (*3*) we have reduced the maximum limit of the penalty under this clause as the original maximum appeared to us to be excessive.

Clause 25.

Sub-clause (*1*) (*iia*) has been inserted for facility of preventing abuse in relation to weights and measures.

Sub-clause (*2*). As we thought that the provision of statutory previous publication of the bye-laws might bring in delay and complication we have left the matter to be settled by rules that may be framed by Provincial Government. It is expected that Government will consider any matter that may be brought to their notice in this connection.

Clause 26.

Item 4A in the table was necessitated by the insertion of the provisions in the new clause 4A.

In item 5 we have added the word "wilful" to exclude *bonâ fide* mistakes or omissions resultant on unforeseen circumstances.

NOTE—(1) The signature of Mr. J. W. R. Steven, M.L.A., had not been received till the time of printing this report.

Minute of dissent by the Hon'ble Mr. Tamizuddin Khan.

My signature to the report of the Select Committee does not connote my acceptance of the following changes made in the Bill:—

(1) The inclusion of Calcutta as defined by clause 11 of section 3 of the Calcutta Municipal Act, in clause 1(*2*) of the Bill.

(2) The omission of original clause 8 providing for compensation to owners of markets in notified market areas.

(3) The provision for the levy of fees and payment of compensation in clause 14.

(4) The provisions for the supersession of the Committee and for the performance of its functions and for the constitution of a new Committee in clause 23.

Minute of dissent by Mr. C. Morgan, C.I.E., M.L.A.

I am not opposed to the regulation of the marketing of agricultural produce in principle, but I consider that the Bill in its present form is a mere framework in that many of its most important objects are to be carried out by rules prescribed by the Provincial Government. Therefore I consider that the Bill should only be utilised in an experimental manner until its value to the agriculturist and the trader has been clearly demonstrated.

* * * * * * * * *

I note below my dissent from several provisions of the Bill as they have emerged from the Select Committee.

Clause 1(2).

I dissent from the application of the Bill to markets in Calcutta. Under the Calcutta Municipal Act, 1923, the Corporation of Calcutta have full powers to regulate markets in Calcutta and the inclusion of these markets within the scope of the Bill is unnecessary and can only lead to a conflict of jurisdiction.

Clause 2.

Definition of "market" [sub-clause (1)(v)].—The buying and selling of agricultural produce by merchants and balers by private treaty on their own premises should be expressly excluded from this definition.

Clause 6.

The object of this Bill is to regulate the marketing of agricultural produce, not to fix prices or prohibit the purchase and sale of any agricultural produce. I therefore consider (*a*) that for the words "control the purchase and sale of such agricultural produce" occurring in lines 2 and 3 of sub-clause (*1*) the words "regulate the marketing of such agricultural produce" should be substituted and (*b*) that the words "and prohibit in the whole or any portion of such notified market area the purchase and sale of all or any of the agricultural produce notified under this sub-section" occurring at the end of sub-clause (*2*) should be omitted.

Clause 7.

I consider—

(1) that the fee for the issue or renewal of a licence under this clause should be specified;

(2) that at least the general principles of the conditions which it is proposed to attach to licences should be specified;

(3) that the rank of the official to whom the powers of cancellation or suspension of a licence may be given should be specified.

Clause 9.

Sub-clause (6).—A time-limit should be placed on the period during which an elected or appointed member may continue to hold office after the expiry of his term of office.

Clause 13.

(*a*) The position of existing markets and hauts in notified areas where new markets are established by Market Committees should be clarified.

(*b*) The fee payable for licences issued to traders and other persons should be specified in this clause, and the general principles of the conditions to be attached to these licences should also be specified.

Clause 14(1)(a).

I consider that the power to levy fees should be permissive and that the word "may" should be substituted for the word "shall". I also consider that fees should only be levied on agricultural produce bought or sold in a notified market area.

Clause 20.

Sub-clause (v).—The expenses of and incidental to election of members of the Market Committees should not be paid out of the Market Fund.

Clause 25.

Sub-clause (1)(ii).—I consider that this power is too wide and indefinite.

Sub-clause (1)(iia).—I consider that it is impracticable to prescribe hours for weighing or measuring agricultural produce.

I reserve the right to move any amendments to the provisions of the Bill that I consider proper.

Minute of dissent by Mr. Madhusudan Sarkar, M.L.A.

The Bill suggests inclusion of all "fairs" without exception in the definition of Market, *vide* clause 2 (*v*), and the Committee also retains it. But in my opinion it will not be reasonable to include all fairs without exception.

Fairs generally held on some particular private places once a year temporarily for a short period generally in connection with religious festivities should be excluded from the operation of this Act; because the sellers in those "fairs" are generally private persons of the locality as opposed to professional dealers. The people of the place consider these fairs to be part and parcel of their religious performances.

To include this type of "fairs" in the "Market" of this Act is to indirectly restrict the people of the locality from taking part in their religious rites which they are used to do from time immemorial and thereby to interfere with those rites. With this dissention I sign the report.

Minute of dissent by Khan Sahib Hamiduddin Ahmed, M.L.A., and Mr. Giasuddin Ahmed, M.L.A.

We are in favour of introducing a provision by way of amendment controlling the prices of the agricultural produce to be dealt with under this law, without which in our opinion no real benefit could be done to the producers thereof. * * * * * *

2. We object to the control of the purchase and sale of all agricultural produce under one Act. We propose that like many foreign countries our province also should have separate laws for different agricultural produce. We further propose that the few agricultural produce such as jute and paddy which had got great commercial value and the sale proceeds of which form the bulk of the purchasing power of the general body of the agriculturists of this province should be tackled first, and present Bill should deal with them alone. * * * * * *

Minute of dissent by Maulvi Muhammad Ishaque, M.L.A., Mr. Giasuddin Ahmed, M.L.A., and Mr. Hamiduddin Ahmed, M.L.A.

We do not agree to allow the owner of a market to receive both rent and 5 per cent. of the net total of fees realised from the sellers of notified agricultural produce sold in that market as provided in sub-clause (*3*) of clause 14. In our opinion that would amount to double taxation upon the sellers. So, we propose to amend the said sub-clause (*3*) of clause 14 by deleting the last portion where the owner of the market has been allowed to get rent in addition to the 5 per cent. of the net total of fees. * * * * *

We reserve the right to move suitable amendments in respect of the above at proper time and place.

Minute of dissent by Maulvi Idris Ahmad, M.L.A.

One of "the main objects of the Bill" is "generally to ensure that the cultivator producer receives a fair deal, a fair price and the whole of the market price *minus* reasonable market charges."

I am afraid that the Select Committee as a whole could not for various reasons give such shape to the Bill as may really fulfil the above objects.

In the first place if the object of the Bill is to improve the wretched lots of the poor agriculturtists, by enabling them to fetch better prices for their produce, then there should be a complete list of main agricultural produce of all the districts of Bengal. It will appear from clause 2(*1*)(*i*) that while unimportant things like "wool of domestic animals" is included in the list of produce, far more important agricultural produce like silk, lac, tobacco, sugarcane, etc., are not included.

Government is of course empowered to declare any other produce by future notification, but the dilatory process of such Government notification is hardly expected to benefit those agriculturists who are responsible for other agricultural produce than mentioned in the list.

In the second place the establishment and other charges of the Market Committee should not be so high as to necessitate the levy of double charges or higher charges than is made now from the persons concerned. If this happens, the real object of the Bill will be frustrated and although few clerks and persons may be provided with service, the agriculturists of the province will receive this measure as a curse and not as a blessing. I am afraid the present form of the Bill does not provide sufficient safeguard against these anticipated evils

The levy of Khootagari charges by the agents of zemindars, proprietors and owners of markets or land, for mooring boats, is an oppressive system by which poor agriculturists are very often harassed and this malpractice ought to be either totally abolished or well regulated by its inclusion in the "trade allowances."

In spite of these and other defects of the Bill, there is necessity for such a Bill, and I hope that the Legislative Assembly as a whole will modify the different provisions of the Bill in such a way as will really render it a blessing to the much taxed and much oppressed agriculturists of Bengal.

Joint minute of dissent by Mr. Surendra Nath Biswas, M.L.A., Mr. Pratul Chandra Ganguli, M.L.A., Mr. Iswar Chandra Mal, M.L.A., and Mr. Kshetra Nath Singha, M.L.A.

We object to the control of the purchase and sale of all agricultural produce under one Act. We propose that like many foreign countries our province also should have separate laws for different agricultural produce. We further propose that a few agricultural produce such as jute and paddy which had got great commercial value and the sale-proceeds of which formed the bulk of the purchasing power of the general body of the agriculturists of this province should be tackled first and that the present Bill should deal with them alone. * * * * *

2. We enquired about the names of the agricultural produce the purchase and sale of which Government intended to control under this Bill, so that we might give our definite opinion about the different means and methods of separately controlling the

same; but Government had not made up their mind as yet in that respect. We maintain that in the absence of definite information about the agricultural produce which were going to be dealt with under this Bill, we are not able to properly deal with the clauses relating to the establishment of regulated markets, the formation of market committees, the powers and duties of such committees and the levying of different kinds and grades of fees on the different agricultural produce sold and purchased in markets. We also maintain that the market committees would be very expensive bodies if they were to function properly, but their expenses under the provisions of this Bill were to be borne out of a fund to consist of fees levied on the sale of notified agricultural produce and fines to be realised from the offenders against this Bill. If agricultural produce such as jute which had got high commercial value were not dealt with under this law, we are of opinion that the provisions for raising finance for the maintenance of the market committees would do more harm than good to the agriculturists in whose interests this Bill was purported to have been undertaken by Government. In the absence of any definite information in respect of the above, it became difficult for us to deal with many clauses of the Bill as properly as we desired to do.

3. We consider it desirable to introduce by way of amendment a provision for controlling the prices of the agricultural produce to be dealt with under this law, without which in our opinion no real benefit could be done to the producers thereof.

* * * * *

4. We are of opinion that the registration and renewal of registration of all markets in the province and compunction upon the owners and traders of all the markets to supply any information as regards any agricultural produce as they might be required to do under this Bill, without any corresponding benefit being provided for them in the Bill, could only be disliked by the public concerned as a torturous law.

* * * * *

5. In clause 9 we propose that for the purposes of the Bill, the Calcutta Corporation and the Commissioners of a Municipality should act as the Market Committee in Calcutta and the outside municipal areas respectively. We are of opinion that without such a provision there was bound to be conflict of authorities causing the provisions of the Bill unworkable in those areas. * * * *

6. In sub-clause (3) of clause 13, we propose that the prescribed authority to whom an appeal should lie must be a servant of the Crown not below the rank of a Deputy Collector. * * * * * * *

7. In clause 26, we propose to reduce the punishment provided for in that clause. Our view-point is that as this Bill would not do any appreciable benefit to those for whom it was meant, the punishment should be nominal.

8. When we find that it was not possible to sufficiently improve the Bill to the real benefit of the agriculturists for whom it was meant, we suggest that this Bill might be dropped and some other appropriate measures might be brought before the Legislature at an early date to ensure the maximum possible price for the agricultural produces of the province.

We dissent in many other matters also. We shall move amendments to the provisions of the Bill as we consider fit at the proper time and place.

Further minute of dissent by Maulvi Ciasuddin Ahmed, M.L.A.

The party to which I belong is on principle against nomination of members to any local body. Acting upon that principle I am against the provision for nomination of any member to the Market Committee.

THE BENGAL AGRICULTURAL PRODUCE MARKETS BILL, [*1939*] 1940.

(5) If a polling officer for any reason fail to attend, the Chairman shall appoint another fit and proper person, who is not himself a candidate or the agent of a candidate, to take his place.

(6) To assist the polling officer, there shall be appointed by the Commissioners at a meeting an Election Committee consisting of not more than five ratepayers of the ward who are not themselves candidates or agents of candidates. No election shall be void because any or all of the members of the Committee fail to attend: if less than three members attend, the polling officer may appoint other ratepayers not being themselves candidates or agents of a candidate up to the number of three and the persons thus appointed shall then be deemed to be members of the Election Committee.

30. (1) On the morning of the election day the Chairman shall supply the polling officer with the following:—

(b) an instrument for stamping the official mark on such papers;

(*3*) The official mark shall be kept secret until the commencement of the polling.

31. The voting paper shall be printed in English or both in English and Bengali in Form D annexed to these rules. The names of candidates in English shall be in alphabetical order. When the voting paper is printed in both the languages the name shall be printed in Bengali below that in English in each case.

32. With the object of safeguarding the secrecy of the ballot and of preventing undue crowding, the Chairman shall divide each polling booth into two rooms or compartments, hereinafter called the inner and outer compartments Votes shall be recorded in the inner compartment.

33. (*1*) On the election day the polling officer shall admit to the outer compartment of the polling booth the candidate and such agents as may be selected by the candidates to assist in the identification of voters, provided that there shall be present at one time, in addition to the candidates, not more than one agent of each candidate.

(*2*) Only voters, members of the Election Committee and such other persons (if any) as the polling officer may by special directions admit shall be allowed to enter the inner compartment of the polling booth.

(*3*) No candidate or agent of a candidate shall be admitted into the inner compartment except for recording his own vote.

(*4*) The polling officer shall regulate the number of voters to be admitted at any one time into either the inner or the outer compartment.

34. Immediately before the commencement of the poll the polling officer shall satisfy such persons as may be present in the outer compartment that each ballot box is empty and shall then lock it and place upon it his seal in such manner as to prevent its being opened without breaking such seal.

35. The candidates and their agents shall not speak to or address any intending voter in the polling booth, but may submit to the polling officer objections to a voter on any of the following four grounds:—

(*1*) That his name is not on the Final Electoral Roll of the ward in respect of which the election is being held.

(*2*) That his claim to be a certain voter shown on the Final Electoral Roll is false.

(*3*) That he has already voted.

(*4*) Where there is more than one polling centre in a ward, that under rule 28 he is not entitled to record his vote at the polling centre in respect of which the objection is raised.

36. The procedure for recording a vote shall be as follows:—

(*i*) There shall be no voting by proxy.

(*ii*) As each intending voter enters the outer compartment, his name and his number in the Final Electoral Roll shall be called out, so that everybody present can hear them.

(*iii*) No objection to an intending voter shall be entertained except on the grounds mentioned in rule 35.

(*iv*) Every objection shall be summarily decided by the polling officer, who may for this purpose take such evidence as may be available on the spot.

(*v*) If after taking such evidence the polling officer disallows the objection or if no objection is raised, he shall hand the voter the foil of a voting paper for the ward and shall allow him to proceed to vote.

(*vi*) Immediately before a voting paper is delivered to a voter, it shall be marked on the back with the official mark and an indication shall be placed in a copy of the Electoral Roll against the number of the voter to denote that he has received a voting paper, but no note shall be made of the particular voting paper which he has received.

(*vii*) The number of the voter in the Final Electoral Roll shall be marked on the counterfoil of his voting paper.

(*viii*) A voter who has received a voting paper shall forthwith be directed, by the polling officer or a person (not being a candidate or his agent) deputed by the polling officer for this purpose, to a place set apart therefor in the inner compartment and shall there mark a cross, within the space headed "voter's mark" on the voting paper, against the name of any candidate for whom he intends to vote. He shall then conceal his vote by folding the voting paper and shall put the paper so folded into the ballot box. He shall vote without undue delay and shall quit the polling enclosure as soon as he has put the voting paper into the ballot box.

(*ix*) If the voter is unable to read the voting paper or to make a cross thereon, the polling officer shall mark the vote on the voting paper according to the direction of the voter at the place set apart within the inner compartment under clause (*viii*) of this rule, provided that if the voter so requests he shall do so in the outer compartment. The voter shall then put the voting paper folded as prescribed in clause (*viii*) into the ballot box.

37. (*1*) A polling officer or a member of an Election Committee at a polling centre where he is not entitled to vote shall be allowed to record his vote there on his producing a certificate on a ballot paper from the polling officer of another polling centre that he is entitled to vote at such other centre.

(*2*) Such vote shall be recorded in the manner prescribed in rule 36 except that the voting paper after being filled in and folded as therein prescribed shall be placed, with the certificate, in a sealed envelope by the polling officer and sent to the polling officer of the other polling centre who shall remove it from the envelope and put it in the appropriate ballot box.

38. It shall be the duty of the polling officer and the Election Committee to see that votes are recorded with the utmost secrecy, that the number on the voting paper handed over to a voter is not divulged to any other person, that no persons are admitted to either compartment except under these rules and that persons who have recorded their votes or against whom objections have been allowed are caused to leave immediately. It shall also be their duty to see that these rules and any special directions given by the polling officer thereunder are strictly observed.

39. (*1*) On the conclusion of the poll, the polling officer shall, with the assistance of the Election Committee, in the presence of the candidates or their agents, if any—

(*a*) satisfy himself that the seals affixed to the ballot boxes under rule 34 are intact, and either

(*b*) forthwith, when there is only one polling centre in the ward, open the ballot box and scrutinise the votes in accordance with rule 40, or

(*c*) when there are several polling centres in the ward send to the chief polling officer the ballot boxes and the books of counterfoils and unused foils of voting papers and the marked copy of the Electoral Roll properly sealed with his own seal and the seal of such candidates or agents as may desire to affix their seal.

(*2*) The chief polling officer shall thereupon with the assistance of the Election Committee, in the presence of the candidates or their agents, if any, satisfy himself that the seals are intact, open the ballot boxes and scrutinise the votes in accordance with rule 40.

40. Any voting paper not marked, marked otherwise than with a cross, or marked elsewhere than in the space provided for the purpose, or on which more crosses are marked than there are vacancies, or on which a cross is so placed as to make it doubtful to which candidate the vote has been given, or on which any mark is made by which the voter may be identified shall be invalid. A note to this effect shall be made upon it by the polling officer and it shall not be included in the count.

41. When the voting papers have been scrutinised the polling officer or the chief polling officer shall with the assistance of the Election Committee, in the presence of the candidates or their agents, if any, count the valid votes and declare to be elected in any ward the candidate or candidates to whom the highest number of votes has been given. If there be an equality of votes and if the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected, he shall by drawing lots in such manner as he may determine select one of such candidates whom he shall declare to be elected.

42. The polling officer or the chief polling officer shall forthwith, if not himself the Chairman, report in writing the result of the election to the Chairman.

43. When a candidate has been elected for more than one ward—

(*a*) he shall be declared by the Chairman to have been elected for such ward, if any, out of those wards in which the election has been uncontested,

(*b*) otherwise, within five days from the date of the election, he shall declare which of such wards he will represent, and if he fails to make such declaration, the Chairman shall forthwith declare the ward which such candidate shall represent.

In either case such candidate shall be held to be elected in the ward in respect of which a valid declaration has been made under this rule, and in every other ward for which the said candidate has been elected the result of the election shall be determined as if no votes had been recorded for him:

Provided that, if there is no other candidate for whom votes have been recorded to fill the vacancy thus cause, a fresh election shall be held.

44. A second election, under section 26 of the Act, shall begin at the stage from which the original election failed, *e.g.*, if the election failed at the time of polling a fresh poll only shall be held or if the election failed for want of candidates, fresh nominations shall be called for.

45. When the voting papers have been scrutinised and counted the polling officer or the chief polling officer, as the case may be, shall forthwith replace them in the ballot box from which they were taken and seal it in the manner prescribed by rule 34 and rule 39(*1*)(*c*). He shall also seal up the books of counterfoils and unused foils of voting papers and also the copy of the marked Electoral Roll, with his own seal and the seal of such candidates or their agents as may desire to affix them. If he is not himself the Chairman, he shall make them over with the ballot box to the Chairman to be kept in safe custody until the books and the voting papers are destroyed under rule 46.

46. PRELIMINARY FORECAST OF THE JUTE CROP OF BENGAL, 1940.

[NOTE.—**On an average of the five years ending 1937-38, the areas under jute in Bengal and the Bengal States to which this forecast relates, represent some 81·7 and 1·1 per cent. respectively of the total area under jute in India.**]

The preliminary forecast deals only with the estimates of area sown and the condition of the crop at the time of publication of the forecast. The estimates of the area are based on information received through the Collectors from the Revenue staff; also from the Presidents, Union Boards, and the Agricultural Officers.

Area sown in 1940.—In Bengal including the States returns for the present season show a total area of 3,454,450 acres, an increase of 904,850 acres or about 35·49 per cent. as compared with the figure for 1939.

Character of the season.—Rainfall in February was sufficient for preparation of lands in the earlier districts. Good showers in March facilitated the operation and sowing commenced on an extensive scale both in low and midlands. The progress made with sowings was very good and the germination also was satisfactory. This favourable weather condition in the early part of the season combined with the high price of jute, accounts for the large increase in area this year. Drought in April somewhat interfered with the progress of the high land sowings, specially in some West Bengal districts and some damage was done to midland sowings. Fairly widespread rainfall in May, however, facilitated late sowings and benefited the growth of the plants. Occasional showers with alternate sunshine in June were generally very favourable for the development of the crop. Cutting has already commenced in the low and *char* lands. On the whole, almost all the districts have experienced very satisfactory growing conditions this year.

Present state of the crop.—The present condition of the crop is generally good.

Stock.—There is little stock in the hands of cultivators.

Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BIHAR.

PRELIMINARY FORECAST OF THE JUTE CROP OF BIHAR, 1940.

[NOTE.—On an average of the five years ending 1937-38, the area under jute in Bihar to which this forecast relates has represented some 10·4 per cent. of the total area under jute in India.]

The present forecast deals only with the estimated area sown. It gives also a general survey of prospects but makes no reference to the probable outturn either in percentage figures or in bales.

2. **Acreage.**—I estimate the area sown during the current and four preceding years, in round numbers as follows:—

Year.	Acres.
1936	463,600*
1937	445,000
1938	315,500
1939	265,500*
1940	282,200

*Revised.

3. **Weather conditions.**—In March rain fell in all jute-growing districts, the fall being above the normal everywhere. In April light rain fell in all the jute districts. The fall was below the normal everywhere. In May rain fell in all the jute-growing districts, the fall was moderate in Darbhanga and the Santal Parganas and light in the remaining districts. Rainfall in June was general throughout the jute districts. The weather conditions in the most important jute-growing areas of Purnea were favourable in the beginning. Sowings were normal.

4. **District returns.**—Last year's area under jute has been finally estimated at 265,500 acres. The total area under jute this year is estimated by the District Officers in round numbers at 282,200 acres. The slight increase in area is due to rise in the price of jute and also to early rain.

5. **Condition and prospects.**—The present condition of the crop is good.

6. **General.**—The quantity of jute which remains in the province from the crops of 1939 is reported to be not much.

The statement below compares the estimated area under jute in this province this year with the preliminary and final figures of last year:—

DEPARTMENT OF DEVELOPMENT, ORISSA.

PRELIMINARY FORECAST OF THE JUTE CROP OF ORISSA, 1940.

[NOTE.—On an average of the five years ending 1937-38 the area under jute in Orissa to which this forecast relates, represents about 0·6 per cent. of the total area under jute in India.]

The present forecast deals only with the estimates of area sown and the condition of the crop up to the first week of June. It makes no reference to the probable outturn either in percentage figures or in bales.

Acreage.—The total area sown is estimated in round figure at 28,400 acres against 22,500 acres in the last year. Sowing is still in progress in districts Balasore and Puri.

Character of the season.—In the three districts of Cuttack, Balasore and Puri, the rainfall in April was below the average but in May there were good falls, the total being much above the average. The rainfall in May stimulated sowing.

Condition and prospects.—The present condition of the crop is fair. The stocks in the hands of the cultivators are reported to be very small.

The statement below compares the estimated area under jute this year with the preliminary and final figures of last year.

* * * *

Bengal.

26. Babu Haridas Mukharji, Inspector of Police, Intelligence Branch.—Babu Haridas Mukharji joined the Bengal Police in 1907 as a Sub-Inspector and after the usual course of training was employed in the districts of Midnapore and Bankura. During his service he has received 17 money rewards, 8 good service marks and 7 commendations.

27. Rai Bahadur Jamini Mohan Kar, Deputy Superintendent of Police, Howrah.—Rai Bahadur J. M. Kar was enlisted in the Bengal Police as a Sub-Inspector in the year 1910. After as little as six years' service he began to officiate as an Inspector in consequence of the good work he had done in the district of Malda. He did exceptional work in a political murder case in that district and in 1918 was given a cash reward in another political case. In 1920 he was awarded the King's Police Medal. He was confirmed as an Inspector in 1926.

He was transferred to Midnapore in 1926 and did extremely good work there during the Civil Disobedience Movement and in the District Magistrate murder cases. In 1931 the title of 'Rai Sahib' was conferred upon him and in 1935 he was given the title of 'Rai Bahadur'. He began to officiate as a Deputy Superintendent in April 1931 and was confirmed in that rank on the 5th August 1937. In 1936 Rai Bahadur Jamini Mohan Kar was transferred to Rangpur and organised a very successful campaign against dacoity in that district. district have achieved better results than similar voluntary organisations elsewhere. He is an officer of marked personality and ability.

In 1926 he was transferred to Rajshahi and was placed in charge of one of the heaviest police stations in that district, where his work quickly showed his fitness for promotion and in 1928 he began to officiate as an Inspector. Maulvi Abdul Hamid Ahmad was confirmed in that rank on the 16th January 1931. In 1933, he was given a gold watch for his good work in a political case. In 1936, on receipt of information, he collected a police party and arrested 6 dacoits *flagrante delicto*. These are but two instances of the zeal and devotion to duty which he has displayed throughout his long years of service from which he retired on 1st July 1939.

30. Maulvi Muhammad Azizur Rahman II, Inspector of Police, Pabna district.—Maulvi Muhammad Azizur Rahman joined the Police Department as a probationary Sub-Inspector in 1913 and after the usual course of training, was confirmed as a Sub-Inspector. In 1918 he was transferred to the Police Training College as a law instructor where he was particularly successful and worked in that capacity until the middle of 1930 when he was promoted and transferred to Dinajpur. He was confirmed as an Inspctor in 1932 Maulvi Muhammad Azizur Rahman did very good work in Dinajpur during the Civil Disobedience Movement, and more recently brought under control a serious outbreak of crime which had broken out in the Tapan Circle of Dinajpur district.

In October 1938 the Santhals in Kumarganj police station in Dinajpur district assembled with the intention of attacking the house of a Muhammadan villager. Maulvi Muhammad Azizur Rahman received information that a breach of the peace was anticipated and proceeded to the spot with a small body of police. He tried to induce the Santhals to disperse but this they refused to do and the constables were ordered to open fire The action of the Inspector undoubtedly prevented the Santhals from carrying out their declared intention of attacking the house of the villager.

31. Babu Markanday Misra, Officiating Deputy Superintendent of Police, Darjeeling.—Babu M. Misra joined the Police as a Sub-Inspector in 1909 and after only 9 years' service officiated as Inspector, to which rank he was permanently promoted in 1928. He was promoted to act as Deputy Superintendent of Police in 1935 and continues to hold this rank in the District of Darjeeling where his knowledge of the languages and customs of the various peoples inhabiting that district has been of great value. Throughout his 30 years' service his work has been of an exceptionally high standard and successive Superintendents of Police have recorded their keen appreciation of the loyal help he has rendered them. His record is exemplary and he commands the respect of all communities in the district. He is an officer of outstanding merit.

32. Babu Surendra Chandra Lodh, Inspector of Police, Intelligence Branch, Bengal.—Babu Surendra Chandra Lodh distinguished himself as an investigating officer in important political cases and was responsible for the arrest of several important absconders. His work throughout his career is proof of his outstanding ability and unflagging devotion to duty.

34. Babu Bani Kantha Bhattacharji, Inspector of Police, C. I D., Bengal.—Babu Bani Kantha Bhattacharji joined the Police Department as a probationary Sub-Inspector in 1916 and after a course of training was posted to the district of Khulna. After only two years in that district he was transferred to the Criminal Investigation Department where he is still serving.

As a Sub-Inspector in the Criminal Investigation Department he investigated cases in Dacca, Tippera, Rangpur and Midnapore in a very able manner. He was promoted to officiate as Inspector in 1932 and in 1934 began to work as an assistant to the Handwriting Expert. Two years later he qualified as an Expert.

His work in the Handwriting Department has shown that he is a most capable officer and one whose reasoned opinions are of considerable value to courts. He is a thoroughly honest, trustworthy and loyal officer who can always be relied on to do his best.

35. Babu Annada Prasanna Ghosh, Inspector of Police, Dinajpur.—Babu Annada Prasanna Ghosh joined the Bengal Police as a probationary Sub-Inspector in 1915 and in due course was posted to Tippera district. He was later transferred to Rangpur and in 1928, while he was Officer-in-charge of Saidpur Police Station he handled a serious disturbance in the Karwal Nat Settlement in an admirable manner. On receipt of news of the outbreak he commandeered motor vehicles and succeeded in arresting 200 of the Nats who had broken bounds. He displayed considerable courage in effecting these arrests as the settlers were only brought back to the colony with considerable difficulty.

In 1930 he began to officiate as an Inspector and did excellent work in Rajshahi during the Civil Disobedience Movement. He was later transferred to Dinajpur and was successful in bringing under control a serious outbreak of dacoity. Babu Sukdeb Sarkar was transferred to the Criminal Investigation Department in 1932 and was in charge of the investigation of many dacoity cases, in which he was most successful. On the 9th December 1937, while he was employed as 2nd Officer at Lakshmipur Police Station in Noakhali district, he received information of a projected dacoity at Jognarayanpur, a place about 14 miles away in the jurisdiction of a neighbouring police station. There were only 2 constables available for duty in the police station and with these men and some villagers he left Lakshmipur for Jognarayanpur in two taxis. The party arrived at the spot as the dacoits were decamping and immediately arrested two of them. Seventeen persons were ultimately convicted in this case.

Maulvi Abu Ahmad Fazlul Haq has obtained a number of rewards.

44. Raymond Ferdinand Stidston, Inspector of Police.—Inspector Stidston joined the Calcutta Police Force as a Sergeant on the 30th November 1915 and resigned in 1917 to take up munition work. He rejoined the Force on the 1st June 1922 since when his record has been outstanding. He has been granted 14 money rewards and has been five times commended, and was specially mentioned in the Administration Report of the Calcutta Police on three occasions. He was appointed to officiate as Inspector on the 1st January 1934 in the Tax Branch of the Public Vehicles Department and was confirmed in that rank on the 1st March 1935.

He was the first Inspector appointed to the Tax Branch on the 1st January 1934 and took over a new department to administer the Bengal Motor Vehicles Tax Act. During the five years he has been in charge, his work has been of the highest order and by painstaking care and meticulous attention to details he has built up a most efficient department. His work entails close contact with all branches of the public, necessitating a rigid and often distasteful application of the law, particularly in the application of the penalty clause relating to late payment of tax. In addition, he is required to work long hours and to exercise the closest supervision over his staff in the collection of an average of Rs. 12,00,000 per year.

The value of his work in this respect can be gauged by the paucity of audit objections during the last two audit inspections. It is also to the credit of this officer that in spite of the unpopular nature of his work and his meticulous attention to the literal administration of the Tax Act, no complaints from members of the public regarding him have been received. Inspector Stidson has also detected a case of fraud by one of his staff and has been singularly successful in directing investigation in the recent drive against the 'pirate' taxi menace, *i.e.*, in cases under Rule 44A of the Calcutta and Howrah Motor Vehicles Rules, 1930. He has at all times set a high example to his subordinates and the rest of the Force.

45. Albert Edward Prictoe, Inspector of Police.—Inspector Albert Edward Prictoe joined the Calcutta Police as a Sergeant in September 1926 after seven-and-a-half years' service in the Royal Berkshire Regiment. As he showed marked ability as a Drill and Musketry Instructor, he was posted to the Armed Police as a Sergeant Major, and was promoted to the rank of Inspector in 1935. His record in the Calcutta Police has been exceptionally good throughout. During the Carters' Riots of April 1st, 1930, he displayed tact and bravery and the appreciation of Government was conveyed to him through the Commissioner of Police of his admirable handling of the situation in very trying and dangerous circumstances.

He was more than once commended on the efficiency of his Company and on the high standard of discipline maintained by him. His work in training the Armed Police in Ambulance work and stretcher drill was recognised in January 1938, after the inspection of Colonel Sleeman, when His Imperial Majesty the King, the sovereign Head of the Grand Priory in the British Realm of the Venerable Order of the Hospital of St. John of Jerusalem, conferred upon him the insignia of Serving Brother of the Order of St. John.

He has been in charge of three Companies of the Armed Police since 1935, and his keenness, enthusiasm and efficiency is reflected in every member of the Force under him. He is solely responsible for the recruitment and training of the Police Pipes and Drums.

His Excellency the Viceroy, who inspected one of his Companies and the Band at Belvedere, Calcutta, on January the 4th, 1939, congratulated him on their good performance and smart turnout.

46. George John Adamson, Inspector of Police (River Traffic Police).—Inspector G. J. Adamson, after serving several years in the Army, was recruited as a Sergeant in the Calcutta Police in May 1920. He was confirmed as an Inspector in 1926. He was awarded the King's Police Medal in 1929 and a Bar to it in 1931, both for gallantry. He was also awarded the British Empire Medal. He was mentioned in the Annual Administration Report seven times and his services have always been characterised by resource and devotion to duty and have uniformly been one of ability and merit. In difficult situations he has proved his personal courage and shown leadership for which he was particularly commended. He also received commendations of His Excellency the Governor of Bengal on two different occasions.

47. Maulvi Muhammad Karim Bux, Inspector of Police (North Division Port Police).—This officer was recruited as a Sub-Inspector in the Calcutta Police in 1917 and was allowed to officiate as an Inspector in October 1934. He was appointed an Inspector of Police on probation in 1936 and was confirmed in that rank in the same year. During the period of 22 years of service this officer has earned several rewards including one reward of Rs. 150 in connection with a Murder case.
